ENIGMATIC AND MAGNETIC
Saint Petersburg carefully preserves the unique atmosphere of its aristocratic past still alive through its majestic palaces.
One of the most inspiring tours and a great break from the bustle of Moscow or Saint Petersburg, The Golden Ring is a concentration of middle age architecture on the Russian country-side background.

Ancient towns of Vladimir, Suzdal, Kostroma, Rostov, Yaroslavl played a significant role in early Russian history and in the formation of the Russian Orthodox Church.

Their magnificent kremlins, monasteries, cathedrals and churches where the time seems to stop carry a long and often dramatic history of Russian Tsars, the Mongol invasion and many other historical figures and events.

Visiting the Golden Ring will give you a chance to go back in time and imagine Russia several centuries ago — an unforgettable adventure to experience.
The Trans-Siberian Express is the longest train journey in the world. The route takes you from ancient Russian cities through deep forests and breathtaking mountains to Siberian outposts and into Asia.

You will cross the Great Eurasian Plateau towards Siberia, discover Altai region — a gorgeous mountain chain in the southern part of Siberia, you will admire the beauty of Baikal Lake and visit majestic Buddhist temples before arriving to Vladivostok or Beijing.

Enjoy life on board the train as you travel across the extended Siberian landscape of silver birch taiga forest, pines, oaks and rolling steppe. This tour features breathtaking sceneries, rich wildlife, and virgin nature.

Depending on the destination you choose, the train will take you from Moscow to Vladivostok or Beijing. Though, the greatest experience of your life is guaranteed whatever the destination.

Moscow — Vladivostok route is 9,288 km long.

Our wonderful Baltic tour featuring the states of Latvia, Lithuania and Estonia is very popular among European tourists. Despite their shared past and geographic neighborhood, the Baltic States each have a very different character, language, and currency.

Although they are situated close to Scandinavia and share a similar landscape to Sweden and Finland, they boast a lifestyle that is more reminiscent of Italy or Spain. Rich in culture and history, these venerable old capital cities are worth discovering.

The Baltic States are famous for natural Baltic amber production — rare gemstone appreciated for its beauty, protection and healing properties.
